Mischlef 5 to I, Prince Edward 6 to I and Interest 8 to I Winners.

CLIPTON RACE TRACE, N. J., Dec. 10,-1 was confidently expected by many people at the Cufton track this afternoon that Bully Lakeland would refuse to start the horses in consequence of his resignation having been accepted. This was Lakeland's intention, out when he found that no other man could be secured he consented to serve until some other

starter could be notten. Only a couple of thousand prople were resent, the threatening weather probabl teeping many away.

The clouds looked as though at any mome they might dissolve into rain or snow. In the first race there was not much betting In the language of the talent they were "a lot of dogs," on whom a bet was not worth the

Roger and Miss Olive were the most fancied he former closing a slight favorite over Miss Olive. The others were nibbled at, many playing Decker's mount on Mischief to run bird. Father Bill Daiy's Lepanto was adjudged to be the pick of the lot, and the talent soon in-stalled him to the post or honor at small odds. stelled him in the post of honor at small odds.
So well did the bookies agree with the tal-int that as mach as 8 to 5 were offered on the second choices, Adaire and St. Patrick.
The winner turned up in Prince Edward, a 6 to Isbance, who, well ridden by Franc, came away in the streen and won easily. Lep mo was second, half a length before St. Patrick.
The third race discovered a red hot favorite in the Matagorda filly at odds on. That she was regarded as an air tight by both bookles and talent was evidenced by the fact that 7 to 1 was 1-id against Rumpus, the second choice. Mangold and the interest gelding were well false ed for one, two, three shots.
The winner proved to be interest gelding, who won hanning under Bergen's vigorous tidn. Rumpus was second, two lengths iron Marigoid.
